

**CENTRAL METHODIST UNIVERSITY  
DEPARTMENT OF NURSING  
SYSTEMATIC PROGRAM EVALUATION PLAN**

**PROGRAMS: BSN-Generic (BSN-G) and Accelerated BSN (A-BSN), BSN-Completion (BSN-C),  
MSN-Clinical Nurse Leader (MSN-CNL), and MSN-Nurse Educator (MSN-NE)**

**Spring Meeting: Annual summary for BSN-C (Term 5 – Term 4) & BSN-G (Aug – May); and all annual comprehensive information**

**Fall Meeting: Annual summary for ABSN (grad cohort) and MSN-CNL/NE (July 1 – June 30)**

**Fall 2017: ABSN**

**CCNE Standard I: Program Quality: Mission and Governance**

The mission, goals, and expected program outcomes are congruent with those of the parent institution, reflect professional nursing standards and guidelines, and consider the needs and expectations of the community of interest. Policies of the parent institution and nursing program clearly support the program’s mission, goals, and expected outcomes. The faculty and students of the program are involved in the governance of the program and in the ongoing efforts to improve quality.

Key Element I-A: The mission, goals, and expected program outcomes of the program are:

- congruent with those of the parent institution; and
- consistent with the relevant professional nursing standards and guidelines for the preparation of nursing professionals.

<b>Evaluation Component</b>	<b>Documentation</b>	<b>Responsible Person/People</b>	<b>Frequency of Assessment</b>	<b>Assessment Method</b>	<b>Benchmark</b>	<b>Report</b>	<b>Results</b>	<b>Action Plan (Y/N)</b>

## **CCNE Standard II: Program Quality: Institutional Commitment and Resources**

The parent institution demonstrates ongoing commitment to and support for the nursing program. The institution makes resources available to enable the program to achieve its mission, goals, and expected outcomes. The faculty, as a resource of the program, enable the achievement of the mission, goals, and expected program outcomes.

Key Element II-A: Fiscal and physical resources are sufficient to enable the program to fulfill its mission, goals, and expected outcomes. Adequacy of resources is reviewed periodically and resources are modified as needed.

<b>Evaluation Component</b>	<b>Documentation</b>	<b>Responsible Person/People</b>	<b>Frequency of Assessment</b>	<b>Assessment Method</b>	<b>Benchmark</b>	<b>Report</b>	<b>Results</b>	<b>Action Plan (Y/N)</b>
Fiscal and physical resources including: personnel resources, fiscal/budget resources, physical plant resources, clinical resources	Personnel resources: Faculty load assignment grid	Program Administrator, Nursing Program Coordinators, Nursing Programs Assessment Committee, VP and Dean of the University, VP of Finance/CFO, Nursing Department Clinical Coordinator	Annual Review	Review resources to determine if there are any deficiencies in personnel, fiscal, physical plant, or clinical resources. ### **CCNE Standard III: Program Quality: Curriculum and Teaching-Learning Practices**

The curriculum is developed in accordance with the program’s mission, goals, and expected student outcomes. The curriculum reflects professional nursing standards and guidelines and the needs and expectations of the community of interest. Teaching-learning practices are congruent with the expected student outcomes. The environment for teaching-learning fosters achievement of expected student outcomes.

Key Element III-A: The curriculum is developed, implemented, and revised to reflect clear statements of expected student outcomes that are congruent with the program’s mission and goals, and with the roles for which the program is preparing its graduates.

<b>Evaluation Component</b>	<b>Documentation</b>	<b>Responsible Person/People</b>	<b>Frequency of Assessment</b>	<b>Assessment Method</b>	<b>Benchmark</b>	<b>Report</b>	<b>Results</b>	<b>Action Plan (Y/N)</b>
BSN-level curriculum and learning outcomes	University catalog (CLAS & CGES), Nursing Student Handbooks, BSN-level syllabi	Program Administrator, Nursing Program Coordinators, BSN-level Curriculum Committee (all BSN-level full time faculty)	Ongoing	Review BSN-level curriculum and learning outcome statements to ensure congruency with program’s mission, goals and expected student outcomes	BSN-level curricula clearly reflect expected learning outcomes (in the form of course objectives and program outcomes) that are congruent with the program’s mission, goals, and student outcomes.	ABS/N	Met	No

Key Element III-B: Curricula are developed, implemented, and revised to reflect relevant professional nursing standards and guidelines, which are clearly evident within the curriculum and within the expected student outcomes (individual and aggregate).

- Baccalaureate program curricula incorporate *The Essentials of Baccalaureate Education for Professional Nursing Practice* (AACN, 2008).
- Master’s program curricula incorporate professional standards and guidelines as appropriate.
  - a. All master’s degree programs incorporate *The Essentials of Master’s Education in Nursing* (AACN, 2011) and additional relevant professional standards and guidelines as identified by the program.
  - b. All master’s degree programs that prepare nurse practitioners incorporate *Criteria for Evaluation of Nurse Practitioner Programs* (NTF, 2012).

<b>Evaluation Component</b>	<b>Documentation</b>	<b>Responsible Person/People</b>	<b>Frequency of Assessment</b>	<b>Assessment Method</b>	<b>Benchmark</b>	<b>Report</b>	<b>Results</b>	<b>Action Plan (Y/N)</b>

## **CCNE Standard IV: Program Effectiveness: Aggregate Student and Faculty Outcomes**

The program is effective in fulfilling its mission and goals as evidenced by achieving expected program outcomes. Program outcomes include student outcomes, faculty outcomes, and other outcomes identified by the program. Data on program effectiveness are used to foster ongoing improvement.

Key Element IV-A: A systematic process is used to determine program effectiveness.

<b>Evaluation Component</b>	<b>Documentation</b>	<b>Responsible Person/People</b>	<b>Frequency of Assessment</b>	<b>Assessment Method</b>	<b>Benchmark</b>	<b>Report</b>	<b>Results</b>	<b>Action Plan (Y/N)</b>
BSN-G & ABSN surveys and data sources are used to determine program effectiveness	Student Surveys: SEIs for each course, Course summaries, Clinical evaluation surveys for clinical courses, Preceptor evaluation surveys	Program Administrator, Nursing Program Coordinators, Clinical Coordinator, and BSN-level Assessment Committee	Annual Review	Review surveys and data sources	Surveys and other data are used to collect information about student, graduate, alumni, and employer satisfaction and demonstrated achievements of graduates.	ABSN	Met	No
	Graduate Surveys				Surveys and other data sources will provide appropriate information for analysis	ABSN	Met	
	Alumni Surveys				100% of students will receive (be sent) surveys and 50% of alumni will be sent surveys to complete.	ABSN	Met	
	Employer surveys Standardized Exam Data: HESI Specialty exam reports, HESI-Exit exam reports, NCLEX-RN pass rate reports, MSN/CNL certification pass rate reports							

	Direct Data Sources: Grading rubrics for individual course assignments and the students' completed assignments, Clinical and Simulation Evaluation Tools (student performance).				Employer surveys will be sent to at least 10 facilities where graduates are employed.	ABSN	Met	
					(Graduate, Alumni, and Employer surveys are sent annually in December. Alumni are surveyed in their 3 <sup>rd</sup> year following graduation.)	ABSN	Met	

Key Element IV-B: Program completion rates demonstrate program effectiveness.

Evaluation Component	Documentation	Responsible Person/People	Frequency of Assessment	Assessment Method	Benchmark	Report	Results	Action Plan (Y/N)
Attrition and graduation rates demonstrate program effectiveness.	Program database section that tracks attrition and graduation rates.	Program Administrator, Nursing Program Coordinators	Ongoing (Minimum of Annually)		ABSN: Academic year attrition rate will be less than 15%.	ABSN	Met 14%	No
					Graduation rate will be 80% or higher.	ABSN	Met 86.6%	

Key Element IV-C: Licensure and certification pass rates demonstrate program effectiveness.

<b>Evaluation Component</b>	<b>Documentation</b>	<b>Responsible Person/People</b>	<b>Frequency of Assessment</b>	<b>Assessment Method</b>	<b>Benchmark</b>	<b>Report</b>	<b>Results</b>	<b>Action Plan (Y/N)</b>
Licensure and certification rates demonstrate program effectiveness.	Reports of NCLEX pass rates; reports of pass rate for CNL certification and NE practice exam results.	Program Administrator, Nursing Program Coordinators	Ongoing (Minimum of Annually)	Review of NCLEX pass rate reports and CNL certification pass rate reports.	80% first-time NCLEX pass rate (for previous Academic Year grads)  75% second-time NCLEX pass rate	ABSN  ABSN	Met 84.6%  Met NA – 100% first time pass rate last 2 years	No

Key Element IV-D: Employment rates demonstrate program effectiveness.

<b>Evaluation Component</b>	<b>Documentation</b>	<b>Responsible Person/People</b>	<b>Frequency of Assessment</b>	<b>Assessment Method</b>	<b>Benchmark</b>	<b>Report</b>	<b>Results</b>	<b>Action Plan (Y/N)</b>
Employment rates demonstrate program effectiveness.	Student reports of employment from Graduate surveys.	Program Administrator, Nursing Program Coordinators	Ongoing (Minimum of Annually)	Review of student-reported employment post program completion.	50% of ABSN students report an offer of employment as an RN at the time of graduation  90% of graduates report RN employment at receipt of graduate survey (6-12 months post-graduation)	ABSN  ABSN	Met 92.3%  Met	No

Key Element IV-E: Program outcomes demonstrate program effectiveness.

Evaluation Component	Documentation	Responsible Person/People	Frequency of Assessment	Assessment Method	Benchmark	Report	Results	Action Plan (Y/N)
Analysis of actual and expected student outcomes demonstrate program effectiveness.	Minutes from BSN-G and A-BSN departmental faculty meetings (monthly and May special meeting), Minutes from BSN-C and MSN-CNL faculty meetings (these meetings may be held virtually), Guidelines as defined by Program Evaluation Plan (this document), Results and Action columns of Program Evaluation Plan (this document), Any tables or graphs created to provide visual representation of analyzed data	Program Administrator, Nursing Program Coordinators, Clinical Coordinator, and BSN-level and MSN-level Assessment Committees	Ongoing (Minimum of Annually)	Compare actual student outcomes to expected student outcomes (benchmarks set in this Program Evaluation Plan) and analyze differences  Discuss analysis in "Results/Action" sections (or attached Action Plans) of the Program Evaluation Plan	Aggregate student outcome data will be analyzed and compared with expected student outcomes. Analysis will be shown in "Results" section of Program Evaluation Plan.  Major benchmarks for analysis are as follows:  <u>ABSN:</u> Surveys and SEI benchmarks as discussed in previous sections of the Program Evaluation Plan  80% of graduates will pass NCLEX-RN exam on their first attempt	ABSN          ABSN          ABSN	Met          Met          Met	No

					80% or more of students will successfully achieve course-level assessment thresholds.	ABSN	MET 97.8%	.
					80% or more of students will achieve a score $\geq$ the equivalent of an 80% prediction of success on the NCLEX utilizing a nationally normed, standardized, comprehensive exit exam (BSNG-ATI; ABSN-HESI)	ABSN	Met 100%	
					100% of students will achieve a grade of B or higher on their Senior Thesis	ABSN	Met 100%	
					In-year/cohort attrition rate will be less than 15%.	ABSN	Met 14%	
					Graduation rate will be 80% or higher.	ABSN	Met 86.6%	

Key Element IV-F: Faculty outcomes, individually and in the aggregate, demonstrate program effectiveness.

<b>Evaluation Component</b>	<b>Documentation</b>	<b>Responsible Person/People</b>	<b>Frequency of Assessment</b>	<b>Assessment Method</b>	<b>Benchmark</b>	<b>Report</b>	<b>Results</b>	<b>Action Plan (Y/N)</b>
Faculty outcomes, individually and in the aggregate, demonstrate program effectiveness.	CV of faculty, Faculty handbook, Faculty transcripts and/or CEU certificates, SEI reports, Annual faculty evaluations	Program Administrator, Program Coordinators, and Dean of the University	Annual Review	Review of and aggregation of data regarding faculty outcomes in teaching, scholarship, service, and practice.	Evaluation of faculty outcomes is consistent with the institution's and program's definition of faculty role expectations.	ABSN	Met	No
				Review faculty role descriptions and responsibilities	There is congruence between expectations of the faculty in their roles and evaluation of faculty performance.	ABSN	Met	

Key Element IV-G: The program defines and reviews formal complaints according to established policies.

<b>Evaluation Component</b>	<b>Documentation</b>	<b>Responsible Person/People</b>	<b>Frequency of Assessment</b>	<b>Assessment Method</b>	<b>Benchmark</b>	<b>Report</b>	<b>Results</b>	<b>Action Plan (Y/N)</b>
Formal complaints (grievances) and program	University catalogs (CLAS and CGES), Student Handbooks (BSN-G, A-BSN, BSN-C, MSN),	Program Administrator, Program Coordinators,	Ongoing	Review of grievance policy and all formal grievances received	Grievance policies and procedures present and used to foster program	ABSN	Met	No

quality and effectiveness	Program Complaint Forms (housed in evaluation binder)	and Dean of the University			quality and effectiveness.	ABS	Met	
					All grievances will be reviewed and used, as appropriate, to foster program quality and effectiveness.			

Key Element IV-H: Data analysis is used to foster ongoing program improvement.

Evaluation Component	Documentation	Responsible Person/People	Frequency of Assessment	Assessment Method	Benchmark	Report	Results	Action Plan (Y/N)
Aggregate outcome data is analyzed and used to foster ongoing program improvement	Faculty meeting minutes (all programs) and "Action" column on Program Evaluation Plan	Program Administrator, Nursing Program Coordinators, Clinical Coordinator, BSN-level Assessment and Curriculum Committees, MSN-level Assessment and	Ongoing (Minimum of Annually)	Review of all outcome data in comparison to benchmarks for achievement of mission, goals, and expected outcomes.  Review meeting minutes and Program	If aggregate student, faculty, and program outcome data do not demonstrate evidence of program effectiveness, a detailed plan for improvement will be developed and provided at programmatic meetings and	ABS	Met	No

		Curriculum Committees		Evaluation Plan to ensure	available through the Program Administrator's office. If there is not sufficient space in the Meeting Minutes or Program Evaluation Plan to describe plan for ongoing program improvement, a separate "Program Improvement Plan" document may be created in response.

## AY16-17 ABSN Action Plan

Each Fall, the ABSN faculty meet for the annual assessment of the program. All considered actions are reviewed to consistency between the two CMU pre-licensure nursing programs. The following action plan results from the faculty review and analysis of multiple data points concerning the ABSN program at CMU. Each May, the traditional BSN program meets to discuss the annual assessment of that program. At that time, the two action plans are again reviewed to insure that consistent standards, assessments, and expectations are held across both programs.

Issue	Action	Responsible Party
<p>You will need to reflect the discussion by the ABSN faculty for areas of concern or where you did not meet standard. You will also need to include any of the action items from the May meeting that affect both the ABSN and the BSN. Anything that you guys decide here that should impact both programs will need to be discussed and reflected on the Spring 18 BSN action plan.</p>		
<p><b>Key Element I-B: The mission, goals, and expected student outcomes are reviewed and periodically revised, as appropriate, to reflect:</b></p> <ul style="list-style-type: none"> <li>• professional nursing standards and guidelines; and</li> <li>• the needs and expectations of the community of interest.</li> </ul> <p>Alumni, and employer surveys indicate mission, goals, and program outcomes are congruent with expectations in practice environment: 80% rate extremely well or well. (All surveys sent out in Dec. of each year.)</p> <p>Student evaluation of self-achievement of program outcomes: 2.25 or lower.</p>	<p>Full time BSN-level faculty reviewed and revised the Program Outcomes during the 2016 May Program Evaluation Meeting.</p> <p>Clinical Coordinator will attempt hand-delivering surveys to local hospitals who have employed our graduates for the next survey period.</p> <p>This element will be eliminated from future reports. There are multiple other data points that cover this content.</p>	<p>All full time BSN faculty</p> <p>Clinical Coordinator</p> <p>SPEP Coordinator</p>
<p><b>Key Element I-D: Faculty and students participate in program governance.</b></p> <p>Students will participate in program governance</p>	<p>ABSN Program Coordinator will invite 2 selected students to each staff meeting to attend and assist with program governance.</p> <p>BSNG monthly program faculty meetings will be held in the student gathering area of the first floor of Thogmorton to facilitate student participation.</p>	<p>ABSN Program Coordinator</p> <p>BSNG Program Coordinator</p>
<p><b>Key Element I-F: Academic policies of the parent institution and the nursing program are congruent and support achievement of the mission, goals, and expected student outcomes. These policies are:</b></p> <ul style="list-style-type: none"> <li>• fair, equitable;</li> <li>• published and accessible; and</li> <li>• reviewed and revised as necessary to foster program improvement.</li> </ul>	<p>Alternate exam scheduling to accommodate significant events preventing students' participation in exams as scheduled will be revised, beginning in AY17-18 for all nursing programmatic courses, to read:</p> <p style="padding-left: 20px;">If a student is absent for a scheduled exam due to <b>unforeseen and/or extreme circumstances</b>, (which will be determined by instructor's discretion) and wishes to receive partial credit, it is his/her responsibility to arrange a make-up exam time within one week of the original exam time with the course faculty member and the Learning and Teaching Center. Make-up exams result in an automatic reduction of 5% of the total points</p>	<p>ABSN Faculty will adhere to changes in syllabi.</p>

5/2017

	<p>of the test. <u>The student must provide official (accident report, police report, ER discharge instructions, etc.) documentation of reason for absence.</u></p> <p>3) Late Test Entry Policy: On exam days, if the classroom/computer lab door is already closed (indicating start of the exam) you will not be allowed to enter or take the exam at that time. If you are late, you can schedule with your instructor to take the exam <b>within 24 hours with an automatic 20% reduction of the total points of the test.</b> It is <u>strongly encouraged</u> that you make every attempt to contact your instructor prior to the exam start time if you know you are going to be late or have an extremely likely chance of being late. Instructors will attempt to delay the start of the exam for all students within reasonable limits, but only with notification from the student that he/she is on the way to the exam and will arrive shortly</p>	
<p><b>Key Element III-D: Teaching-learning practices and environments support the achievement of expected student outcomes.</b></p> <p>Mean SEI scores for clinical placement evaluations are 4.0 or higher regarding student satisfaction with their clinical site placement and clinical instructor (BSN-G and ABSN)</p>	<p>This is not measured by SEI - we are now doing a Survey Monkey evaluation that allows more specific questions pertinent to clinical placement and instructors. New language: 80% or more of student evaluations of clinical instructors and clinical placement sites indicate student satisfaction with their clinical site placement and clinical instructor (BSN-G and ABSN)</p>	<p>Assessment Coordinator (AC)</p>
<p><b>Key Element III-E: The curriculum includes planned clinical practice experiences that:</b></p> <ul style="list-style-type: none"> <li>• Enable students to integrate new knowledge and demonstrate attainment of program outcomes; and</li> <li>• Are evaluated by faculty</li> </ul> <p>80% of students on their self-evaluation of achievement of program outcomes rate themselves at or better than the 2.5 threshold (lower number is better)</p>	<p>As this is a totally subjective measurement and this information is measured by several other objective data points, it was decided to eliminate this element from future SPEP analyses and reports.</p>	<p>Assessment Coordinator (AC)</p>
<p><b>Key Element III-F: The curriculum and teaching-learning practices consider the needs and expectations of the identified community of interest.</b></p> <p>The curriculum and teaching-learning practices will meet the needs and expectations of the identified community of interest.</p> <ul style="list-style-type: none"> <li>-Advisory Board</li> <li>-Employer/Providers</li> <li>-Graduates</li> <li>-Alumni</li> <li>-Practicum Preceptors (BSN-level)</li> <li>-MSBN</li> <li>-CCNE</li> </ul>	<p>There were no surveys returned by employers of previous graduates and only limited surveys returned by provides (clinical partners). The Clinical Coordinator will hand-deliver surveys to local hospitals for the next survey period. Also, it is noted that the presence of the Clinical Coordinator in the provider settings elicits verbal comments from employers of graduates and about clinical experiences from the facility perspective that are not formalized into survey responses. The Clinical Coordinator will document this information for the next survey period for inclusion as data for the SPEP.</p>	<p>Clinical Coordinator (HD)</p>
<p><b>Key Element III-G: Individual student performance is evaluated by the faculty and reflects achievement of expected student outcomes. Evaluation policies and procedures for individual student performance are defined and consistently applied.</b></p>	<p>The Clinical Coordinator and Primary Instructors for each clinical course will work together to reformat all Clinical syllabi into a standardized format for AY17-18. Each clinical syllabus needs to be sent to Megan Hess and Debbie Lackland when it is completed.</p>	<p>Clinical Coordinator</p>

<p>Clinical evaluation policies (including grading rubrics and clinical evaluation tools) will be as clearly defined as classroom evaluation policies.</p>		
<p><b>Key Element IV-E: Program outcomes demonstrate program effectiveness.</b></p> <p>100% of students will achieve a grade of B or higher on their Senior Thesis</p>	<p><i>Since the thesis is now part of NU304, this benchmark needs to be adapted to reflect that change. Either the weighting of assignments in the course will need to change, or this threshold will need to lower.</i></p> <p>Discussion regarding this element resulted in the faculty decision that the assessment element will remain the same. This course will be revised this summer in time for use in the Fall 17 semester. The revision will include increasing the weight of the thesis assignment or adding a statement that ‘a minimum score of 80% must be achieved on the final thesis submission to successfully pass this course’.</p>	<p>RG (ABSN faculty) is revising this course over the 2017 summer and will share with the BSNG.</p>
