

# Missouri London Consortium's Membership Agreement (2009-2011)

April 29, 2010

Members of what has been known since 2004 as the "Missouri London Consortium" (MLC) agree to reconstitute the consortium under the following terms following the sale of our former administrative partner (International Enrichment) to CAPA and following our former consortium agreement with and membership in the Missouri Consortium for International Program and Studies (MOCON).

1. **MISSION:** MLC remains committed to its mission of offering affordable opportunities for student educational experiences overseas and for affordable faculty development experiences overseas.
  - MLC members shall create, oversee, and assess a summer program of overseas study, primarily though not exclusively in London, England.
  - MLC members shall continue to explore the possibility of creating, overseeing, and assessing programs of overseas study during the Fall and Winter/Spring terms.
  - MLC members shall continue to explore the expansion of the consortium membership to include schools beyond our Missouri membership.
  - MLC members will establish student and faculty guidelines for all participants in overseas study.
  
2. **MEMBERSHIP:** Membership and participation in MLC requires an annual institutional fee of \$1,000.00 due Sept. 1.
  - Pending approval of this consortium agreement by current membership and pending further membership applications, MLC is comprised of the following member schools in good standing:
    - Central Methodist University, Fayette, Missouri
    - Columbia College, Columbia, Missouri
    - Culver-Stockton College, Canton, Missouri
    - Fontbonne University, St. Louis, Missouri
    - Hannibal-LaGrange College, Hannibal, Missouri
    - Maryville University, St. Louis, Missouri
    - Missouri Valley College, Marshall, Missouri
    - University of Southern Illinois—Edwardsville
  
  - MLC members shall have one (1) vote at each meeting of the MLC membership.
  
3. **MODERATOR:** MLC members shall elect to a term of three (3) years a Moderator who will chair consortium meetings and represent MLC to our administrative partner(s) and to other consortial partners. The MLC moderator shall oversee the consortium's treasury and report its transactions regularly to members. The MLC Moderator shall consult with all member institutions prior to committing MLC to any program.

## Missouri London Consortium's Membership Agreement (2009-2011)

April 29, 2010

4. **MEETINGS:** MLC members shall meet at least once per semester at a location and time convenient to members.
  
5. **INSTITUTIONAL PARTICIPATION:** Each MLC member institution shall have the option of nominating at least one (1) faculty member from that member school to teach during the proposed program of overseas study. The consortium members will work to accept at least one (1) faculty member's proposal each summer as long as the course meets curricular and fiscal needs of the consortium's program of overseas study.
  
6. **OVERSEAS FACULTY MODERATOR:** A faculty moderator from within the MLC membership institutions will oversee each term of the program of study. At the conclusion of each program term, this faculty moderator shall report in writing to MLC members on the proceedings of each term (faculty, student, and administrative activities, findings, and suggestions).
