### 2021 Equity in Athletics Disclosure Act (EADA) Survey

The Equity in Athletics Disclosure Act is designed to make prospective students aware of a school’s commitment to providing equitable athletic opportunities for its men and women students. The EADA report must be published by October 15th each year and must be made available upon request to students, prospective students, and the public. Institutions must also report data to the U.S. Department of Education via this online survey within 15 days of making the report public. This is a mandatory survey. Data collected in this survey will be published by the Office of Postsecondary Education on the Equity in Athletics Data Analysis Cutting Tool website located at [http://ope.ed.gov/athletics](http://ope.ed.gov/athletics). In addition, the data collected in this survey are provided by institutions per the EADA and may not be the same as data used for determining compliance with other Federal or state laws, including Title IX of the Education Amendments of 1972.
