2. Costs covered by the VA benefit
To view the most up-to-date estimated monthly amount you will receive from your VA Education Benefit for a given semester use the GI Bill® Comparison Tool. On the Comparison Tool page you’ll be asked to indicate
- military status (veteran, active-duty, guard/reserves, child, spouse)
- the Education Benefit you are using
- the school you are attending (Great Methodist University)

On the Estimate your Benefits page under the School Costs and Calendar section you’ll need to select your expected enrollment status for the upcoming semester.
VA Educational Benefits are limited to payment of mandatory tuition and fees to the University and/or a monthly stipend depending on the benefit you are using. Benefits only pay stipends for the reported time period of the term and these payments are pro-rated for partial months.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government web site at www.benefits.va.gov/gibill

3. Federal and state financial aid (Note: Once the student completes a FAFSA and submits required verification documents (if applicable), the student’s awards will be available in the Financial Aid section of myCMU)

Federal Pell Grant
The Federal Pell Grant is the foundation for all federal student financial aid. The Pell Grant program provides grants to undergraduate students who demonstrate financial need based on the results of their FAFSA application. Students are eligible for up to 12 semesters of Pell awards.

Federal Supplemental Educational Opportunity Grant (FSEOG)
The FSEOG program is a campus-based grant available to undergraduate students who demonstrate an exceptional financial need based on their EFC (Effective Family Contribution) calculated from information provided on the FAFSA. The schools are given limited FSEOG funds and once these funds are depleted, the schools can no longer award FSEOG funds to students. Priority is given to those students who have submitted their FAFSA by February 1 and are a Federal Pell grant recipient with the highest level of need awarded first.

State Grants
The Access Missouri Grant is available for Missouri residents attending full time, have submitted their FAFSA prior to February 1 each year, and demonstrate financial need based on FAFSA results. The minimum grant award is $1,500 for those eligible. To maintain these grant
awards, students must achieve at least a 2.5 cumulative GPA. Award amounts depend on state legislative activity.

**Federal Loans**

**Subsidized Federal Direct Loan**
- The Federal government pays the interest on the Subsidized Loan while the student is continuously enrolled at least half-time.
- Need based loan. Need is determined by subtracting the Effective Family Contribution and any other expected financial aid from the cost of attendance for the student. The result is the student's need.
- Maximum eligibility is 150% of the published length of the student's academic program.
- This loan allows for a six-month grace period after a student graduates, withdraws, or ceases at least half-time enrollment before repayment is required.

**Unsubsidized Federal Direct Loan**
- Student is responsible for paying all the interest after the loan is disbursed. Students have the option to pay the interest as it accrues or defer it as long as they are enrolled at least half-time.
- Not a need-based loan.
- This loan allows for a six-month grace period after a student graduates, withdraws, or ceases at least half-time enrollment before repayment is required.
